

Join: STEMCEL Network Brooklyn College

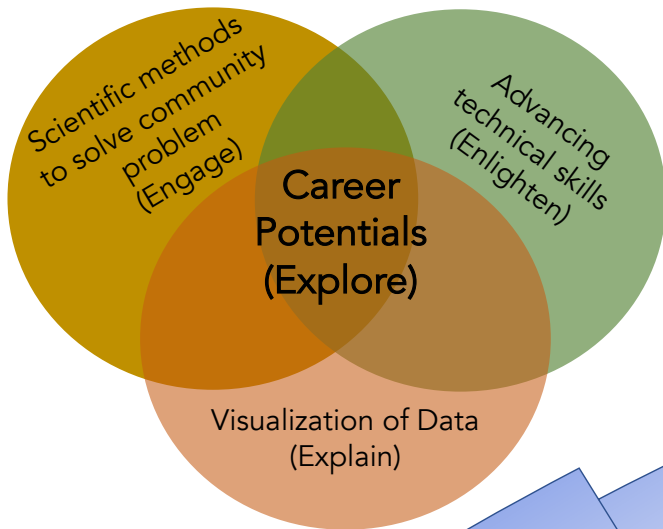

Our mission

Our Idea

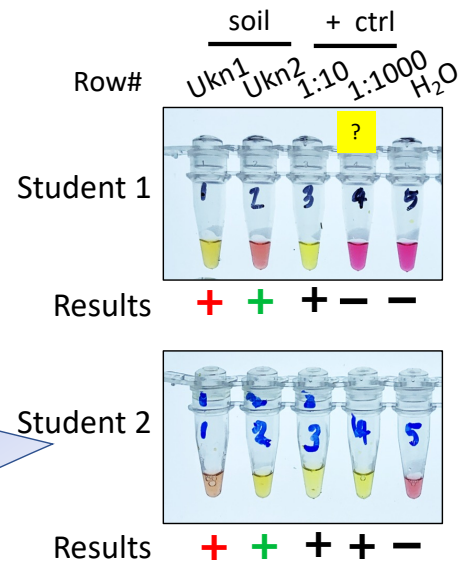

Our Progress

Rapid testing
(45 min)

AlkB detection by
LAMP assay

Key:

Reaction color	Negative control /reaction	Some positivity	Sample positive	Positive control
Interpretation	-	+	+	+
Technical error or dilution undetectable		?		
Unk1, Unk2			contaminated NYC soils	

Want to develop an
exercise that suits your
course?
